**REPORT OF AUDIT OF FINANCIAL STATEMENTS**

**FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

## **INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and  
Members of the City Council  
City of Camden  
Camden, New Jersey 08101

### **Report on the Financial Statements**

We have audited the accompanying statements of assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the City of Camden, in the County of Camden, State of New Jersey, as of June 30, 2018 and 2017, and the related statements of operations and changes in fund balance - regulatory basis for the fiscal years then ended, and the related statement of revenues - regulatory basis, statement of expenditures - regulatory basis, and statement of general fixed asset group of accounts - regulatory basis for the fiscal year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**Opinions**

*Basis for Adverse Opinion on Accounting Principles Generally Accepted in the United States of America*

As described in note 1 to the financial statements, the financial statements are prepared by the City on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

*Adverse Opinion on Accounting Principles Generally Accepted in the United States of America*

In our opinion, because of the significance of the matter discussed in the “*Basis for Adverse Opinion on Accounting Principles Generally Accepted in the United States of America*” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the City of Camden, in the County of Camden, State of New Jersey, as of June 30, 2018 and 2017, or the results of its operations and changes in fund balance for the fiscal years then ended.

*Opinion on Regulatory Basis of Accounting*

In our opinion, the financial statements referred to previously present fairly, in all material respects, the assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the City of Camden, in the County of Camden, State of New Jersey, as of June 30, 2018 and 2017, and the results of its operations and changes in fund balance - regulatory basis of such funds for the fiscal years then ended, and the revenues - regulatory basis and expenditures - regulatory basis of the various funds, and general fixed asset group of accounts - regulatory basis, for the fiscal year ended June 30, 2018, in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as described in note 1.

**Emphasis of Matter**

*Adoption of New Accounting Principles*

As discussed in note 1 to the financial statements, during the fiscal year ended June 30, 2018, the City adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions*. The adoption of this new accounting principle resulted in a material note disclosure (see note 10). As a result of the regulatory basis of accounting, described in the previous paragraph, the implementation of this Statement only required financial statement disclosures. Our opinions are not modified with respect to this matter.

*Prior Period Restatement*

As discussed in note 19 to the financial statements, during the fiscal year ended June 30, 2018, the current fund statement of assets, liabilities, reserves and fund balance - regulatory basis for the fiscal year ended June 30, 2017 has been restated to correct the recorded amount of property acquired for taxes (at assessed valuation). Our opinion is not modified with respect to this matter.

**Other Matters***Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The supplemental statements and schedules presented for the various funds, as listed in the table of contents, are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and are not a required part of the basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, respectively, and are also not a required part of the basic financial statements.

The supplemental statements and schedules presented for the various funds and the schedules of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental statements and schedules described in the previous paragraph are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated April 18, 2019 on our consideration of the City of Camden, in the County of Camden, State of New Jersey, internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Camden's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Camden's internal control over financial reporting and compliance.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND  
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and  
Members of the City Council  
City of Camden  
Camden, New Jersey 08101

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, of the City of Camden, in the County of Camden, State of New Jersey, as of and for the fiscal year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated April 18, 2019. That report indicated that the City of Camden's financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America, but were prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Our report on the financial statements included an emphasis of matter paragraph describing the adoption of a new accounting pronouncement and the restatement of the prior period financial statements resulting from the correction of a misstatement.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Camden's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Camden's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Camden's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, as described in the accompanying *Schedule of Findings and Questioned Costs*, as Finding No. 2018-001, Finding No. 2018-003, Finding No. 2018-004, Finding No. 2018-005, Finding No. 2018-007, and Finding No. 2018-008 that we consider to be material weaknesses.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Camden's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and which are described in the accompanying *Schedule of Findings and Questioned Costs* as Finding 2018-002, Finding 2018-004, Finding No. 2018-006, and Finding No. 2018-009.

**The City of Camden's Response to Findings**

The City of Camden's response to the findings identified in our audit is described in the accompanying *Schedule of Findings and Questioned Costs*. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and federal and state awarding agencies and pass-through entities, in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**CITY OF CAMDEN**  
Notes to Financial Statements  
For the Fiscal Year Ended June 30, 2018

---

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Description of Financial Reporting Entity** - The City of Camden (hereafter referred to as the "City") was incorporated in 1828. It is the eighth largest city in the State of New Jersey, and covers a land area of 9.8 square miles in Camden County, in the southwest portion of the State. The City is the county seat. It is located directly across the Delaware River from Philadelphia, Pennsylvania, and is part of the Philadelphia Standard Metropolitan Statistical Area ("SMSA"). According to the 2010 census, the population is 77,344.

The City has a Mayor-Council form of government. In 1994, the City opted to modify the form of government. At that time, the City was divided into four districts instead of electing the entire Council at-large. One Council member is elected from each of the four districts and three Council members are elected at-large. The Mayor is separately elected. The executive and administrative responsibility rests with the Mayor, who is assisted by the City Clerk and the City Business Administrator.

**Component Units** - The financial statements of the component units of the City are not presented in accordance with Governmental Accounting Standards Board (GASB) Statements No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34*, and GASB Statement No. 80, *Blending Requirements for Certain Component Units - an amendment of GASB Statement No. 14*. If the provisions of the aforementioned GASB Statements had been complied with, the financial statements of the following component units would have been either blended or discretely presented with the financial statements of the City, the primary government:

City of Camden Free Public Library  
418 Federal Street  
Camden, New Jersey 08101

City of Camden Redevelopment Agency  
13<sup>th</sup> Floor City Hall  
Camden, New Jersey 08101

City of Camden Housing Authority  
2021 Watson Street  
Camden, New Jersey 08105

Annual financial reports may be inspected directly at the offices of these component units during regular business hours.

**Measurement Focus, Basis of Accounting and Financial Statement Presentation** - The financial statements of the City contain all funds and account groups in accordance with the *Requirements of Audit* (the "Requirements") as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The principles and practices established by the *Requirements* are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Generally, the financial statements are presented using the flow of current financial resources measurement focus and modified accrual basis of accounting with minor exceptions as mandated by these *Requirements*. In addition, the prescribed accounting principles previously referred to differ in certain respects from accounting principles generally accepted in the United States of America applicable to local government units. The more significant differences are explained in this note.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**Measurement Focus, Basis of Accounting and Financial Statement Presentation (Cont'd)** - In accordance with the *Requirements*, the City accounts for its financial transactions through the use of separate funds and an account group which are described as follows:

**Current Fund** - The current fund accounts for resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

**Trust Funds** - The various trust funds account for receipts, custodianship, and disbursement of funds in accordance with the purpose for which each reserve was created.

**General Capital Fund** - The general capital fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the current fund.

**Water Utility Operating and Capital Funds** - The water utility operating and capital funds account for the operations and acquisition of capital facilities of the municipally owned water utility.

**Sewer Utility Operating and Capital Funds** - The sewer utility operating and capital funds account for the operations and acquisition of capital facilities of the municipally owned sewer operations.

**Public Trust Fund** - The public trust fund was utilized to account for receipt, custodianship, and disbursement of monies in accordance with the purpose for which each reserve within the fund was created. This fund, however, is no longer utilized by the City; therefore, after the liquidation of outstanding interfund balances, the fund will no longer be reported.

**General Fixed Asset Group of Accounts** - The general fixed asset group of accounts is utilized to account for property, land, buildings, and equipment that have been acquired by other governmental funds.

**Budgets and Budgetary Accounting** - The City must adopt an annual budget for its current, water utility, and sewer utility funds in accordance with N.J.S.A. 40A:4 et seq. N.J.S.A. 40A:4-5 requires the governing body to introduce and approve the annual municipal budget no later than August 10 of each fiscal year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the municipality. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9. Amendments to adopted budgets, if any, are detailed in the statements of revenues and expenditures.

An extension of the statutory dates for introduction, approval, and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of the Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the City's financial statements.

**Cash, Cash Equivalents and Investments** - Cash and cash equivalents include petty cash, change funds and cash on deposit with public depositories. All certificates of deposit are recorded as cash regardless of the date of maturity. Investments are stated at cost; therefore, unrealized gains or losses on investments have not been recorded.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**Cash, Cash Equivalents and Investments (Cont'd)** - New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. In addition, other State statutes permit investments in obligations issued by local authorities and other state agencies.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

The cash management plan adopted by the City requires it to deposit funds in public depositories protected from loss under the provisions of the Act.

**Interfunds** - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the current fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

**Inventories of Supplies** - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

**General Fixed Assets** - Accounting for governmental fixed assets, as required by N.J.A.C. 5:30-5.6, differs in certain respects from accounting principles generally accepted in the United States of America. In accordance with the regulations, all local units, including municipalities, must maintain a general fixed assets reporting system that establishes and maintains a physical inventory of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and *Budget's Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Part 200, §200.12), except that the useful life of such property is at least five years. The City has adopted a capitalization threshold of \$5,000.00, the maximum amount allowed by the Circular. Generally, assets are valued at historical cost; however, assets acquired prior to December 31, 1985 are valued at actual historical cost or estimated historical cost. No depreciation of general fixed assets is recorded. Donated general fixed assets are recorded at acquisition value as of the date of the transaction. Interest costs relative to the acquisition of general fixed assets are recorded as expenditures when paid. Public domain ("infrastructure") general fixed assets consisting of certain improvements such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Expenditures for construction in progress are recorded in the capital funds until such time as the construction is completed and put into operation. The City is required to maintain a subsidiary ledger detailing fixed assets records to control additions, retirements, and transfers of fixed assets. In addition, a statement of general fixed asset group of accounts, reflecting the activity for the year, must be included in the City's basic financial statements.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**General Fixed Assets (Cont'd)** - The regulations require that general fixed assets, whether constructed or acquired through purchase, grant or gift be included in the aforementioned inventory. In addition, property management standards must be maintained that include accurate records indicating asset description, source, ownership, acquisition cost and date, the percentage of Federal participation (if any), and the location, use, and condition of the asset. Periodically, physical inventories must be taken and reconciled with these records. Lastly, all fixed assets must be adequately controlled to safeguard against loss, damage, or theft.

**Utility Fixed Assets** - Property and equipment purchased by a utility fund are recorded in the utility capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not represent replacement cost or current value. The reserve for amortization and deferred reserve for amortization accounts in the utility capital fund represent charges to operations for the cost of acquisition of property and equipment, improvements, and contributed capital.

**Foreclosed Property** - Foreclosed property is recorded in the current fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily it is the intention of the municipality to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments and to return the property to a taxpaying basis. For this reason the value of foreclosed property has not been included in the general fixed asset group of accounts. If such property is converted to a municipal use, it will be recorded in the general fixed asset group of accounts.

**Deferred Charges** - The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

**Liens Sold for Other Governmental Units** - Liens sold on behalf of other governmental units are not recorded on the records of the tax collector until such liens are collected. Upon their collection, such liens are recorded as a liability due to the governmental unit net of the costs of the initial sale. The related costs of sale are recognized as revenue when received.

**Fund Balance** - Fund balances included in the current fund, water utility operating fund, and sewer utility operating fund represent amounts available for anticipation as revenue in future fiscal years' budgets, with certain restrictions.

**Revenues** - Revenues are recorded when received in cash except for certain amounts which are due from other governmental units. Revenue from federal and state grants is realized when anticipated as such in the City's budget. Receivables for property taxes are recorded with offsetting reserves on the statement of assets, liabilities, reserves and fund balance of the City's current fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due to the City which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

**Property Tax Revenues** - Property tax revenues are collected in quarterly installments due February 1, May 1, August 1, and November 1. The amount of tax levied includes not only the amount required in support of the City's annual budget, but also the amounts required in support of the budgets of the County of Camden and the City of Camden School District. Unpaid property taxes are subject to tax sale in accordance with the statutes.

**School Taxes** - The City is responsible for levying, collecting, and remitting school taxes for the City of Camden School District. Operations is charged for the full amount required to be raised from taxation to operate the local school district for the period from July 1, 2017 to June 30, 2018.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**County Taxes** - The municipality is responsible for levying, collecting, and remitting county taxes for the County of Camden. County taxes are determined on a calendar year by the County Board of Taxation based upon the ratables required to be certified to them on January 10 of each calendar year. In municipalities that which operate on a fiscal year (i.e. July 1 - June 30), such as the City, operations is charged for the full amount of taxes required to be paid during the calendar year 2017 less one-half of the calendar year 2016 taxes, plus one-half of the full amount of taxes required to be paid during 2018. In addition, operations is charged for the County share of added and omitted taxes certified to the County Board of Taxation on October 10 of the current fiscal year.

**Reserve for Uncollected Taxes** - The inclusion of the "reserve for uncollected taxes" appropriation in the City's annual budget protects the City from taxes not paid currently. The reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, with certain exceptions, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations.

**Expenditures** - Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when paid. However, for charges to amounts appropriated for "other expenses", an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed in accordance with N.J.A.C. 5:30-5.2. When encumbered charges are paid, the amount encumbered is simultaneously liquidated in its original amount. Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At June 30, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves.

Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis; whereas interest on utility indebtedness is on the accrual basis.

**Appropriation Reserves** - Appropriation reserves covering unexpended appropriation balances are automatically created at year-end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments, or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as income.

**Long-Term Debt** - Long-term debt, relative to the acquisition of capital assets, is recorded as a liability in the general capital and utility capital funds. Where an improvement is a "local Improvement", i.e. assessable upon completion, long-term debt associated with that portion of the cost of the improvement to be funded by assessments is transferred to the trust fund upon the confirmation of the assessments or when the improvement is fully and permanently funded.

**Compensated Absences and Postemployment Benefits** - Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for postemployment benefits, if any, which are also funded on a pay-as-you-go basis.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Impact of Recently Issued Accounting Principles****Recently Issued and Adopted Accounting Pronouncements**

For the fiscal year ended June 30, 2018, the City adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. As a result of adopting Statement No. 75, the City was required to measure and disclose liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures related to their postemployment benefits plan. As a result of the regulatory basis of accounting previously described in note 1, the implementation of this Statement only required financial statement disclosures. There exists no impact on the financial statements of the City.

**Note 2: CASH AND CASH EQUIVALENTS**

**Custodial Credit Risk Related to Deposits** - Custodial credit risk is the risk that, in the event of a bank failure, the City's deposits might not be recovered. Although the City does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the municipality in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled agency funds such as salary withholdings, bail funds, or funds that may pass to the municipality relative to the happening of a future condition. Such funds are classified as uninsured and uncollateralized.

As of June 30, 2018, the City's bank balances of \$63,055,631.48 were exposed to custodial credit risk as follows:

Insured by FDIC and GUDPA	\$ 37,665,789.42
Uninsured and Uncollateralized	<u>25,389,842.06</u>
Total	<u>\$ 63,055,631.48</u>

**New Jersey Cash Management Fund** - During the fiscal year, the City participated in the New Jersey Cash Management Fund. The Fund is governed by regulations of the State Investment Council, who prescribe standards designed to insure the quality of investments in order to minimize risk to the Funds participants. Deposits with the New Jersey Cash Management Fund are not subject to custodial credit risk as defined above. At June 30, 2018, the City's deposits with the New Jersey Cash Management Fund were \$1,014.04.

**Note 3: INVESTMENTS**

New Jersey municipal units are limited as to the types of investments and types of financial institutions they may invest in. N.J.S.A. 40A:5-15.1 provides a list of permissible investments that may be purchased by New Jersey municipal units.

**Note 3: INVESTMENTS (CONT'D)**

These permissible investments generally include bonds or other obligations of the United States of America or obligations guaranteed by the United States of America; government money market mutual funds; any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress; bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located; bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Local Government Services in the Department of Community Affairs for investment by local units; local government investment pools; deposits with the State of New Jersey Cash Management Fund; and agreements for the purchase of fully collateralized securities with certain provisions. The City has no investment policy that would further limit its investment choices.

**Custodial Credit Risk Related to Investments** - For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in possession of an outside party if the counterparty to the transactions fails. As of June 30, 2018, the City's balance of investments was \$693,446.40, which consisted of mutual funds. Mutual funds are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form. Other than the rules and regulations promulgated by N.J.S.A. 40A:5-15.1, the City has no investment policy to limit its exposure to custodial credit risk.

As of June 30, 2018, the City had the following investments:

<u>Investment</u>	<u>Maturities</u>	<u>Cost</u>	<u>Fair Value Hierarchy Level*</u>	<u>Fair Value</u>

\* Level 1 inputs are quoted (unadjusted) prices in active markets for identical assets that the government can access at the measurement date. Observable markets include exchange markets, dealer markets, brokered markets and principal-to-principal markets.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly. These inputs are derived from or corroborated by observable market data through correlation.

Level 3 inputs are unobservable inputs for the asset; they should be used only when the relevant Level 1 and Level 2 inputs are unavailable.

**Note 3: INVESTMENTS (CONT'D)**

**Interest Rate Risk** - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Other than the rules and regulations promulgated by N.J.S.A. 40A:5-15.1, the City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**Credit Risk** - Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. As stated in note 1, investments are purchased in accordance with N.J.S.A. 40A:5-15.1. Other than the rules and regulations promulgated by N.J.S.A. 40A:5-15.1, the City has no investment policy that would further limit its exposure to credit risk. Of the City's total investment in mutual funds of \$693,446.40, \$52,960.39 was rated by Standard and Poor's as AAAM, while the remaining mutual funds totaling \$640,486.01 had no rating.

**Concentration of Credit Risk** - Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. Other than the rules and regulations promulgated by N.J.S.A. 40A:5-15.1, the City's investment policies place no limit on the amount the City may invest in any one issuer. Since all of the City's investments are in mutual funds, no disclosures are required for the concentration of credit risk as such investments are exempt from such disclosure.

All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of the PERS.

The following represents the membership tiers for PERS:

Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tiers 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

**Defined Contribution Retirement Program** - Eligible members are provided with a defined contribution retirement plan intended to qualify for favorable Federal income tax treatment under IRC Section 401(a), a noncontributory group life insurance plan and a noncontributory group disability benefit plan. **Contributions**

**Public Employees' Retirement System** - The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Members contribute at a uniform rate. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over seven years beginning in July 2012. The member contribution rate was 7.34% in State fiscal year 2018. The phase-in of the additional incremental member contribution rate takes place in July of each subsequent State fiscal year. The rate for members who are eligible for the Prosecutors Part of PERS (Chapter 366, P.L. 2001) was 10%. Employer contribution amounts are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability.

The City's contractually required contribution rate for the fiscal year ended June 30, 2018 was 15.58% of the City's covered payroll. This amount was actuarially determined as the amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, including an additional amount to finance any unfunded accrued liability.

Employee contributions to the plan during the fiscal year ended June 30, 2018 were \$1,207,565.66.

**Police and Firemen's Retirement System** - The contribution policy is set by N.J.S.A. 43:16A and requires contributions by active members and contributing employers. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate was 10% in State fiscal year 2017. Employers' contributions are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability.

*Special Funding Situation Component* - Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a *special funding situation* as defined by GASB Statement No. 68, and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the Plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to disclose in the notes to the financial statements of the local participating employers related to this legislation.

The City's contractually required contribution rate for the fiscal year ended June 30, 2018 was 28.75% of the City's covered payroll. This amount was actuarially determined as the amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Based on the most recent PFRS pension billing, the City's contractually required contribution to the pension plan for the fiscal year ended June 30, 2018 is \$4,537,120.00, and is payable by April 1, 2019. Due to the basis of accounting described in note 1, no liability has been recorded in the financial statements for this amount. Based on the PFRS measurement date of June 30, 2017, the City's contractually required contribution to the pension plan for the fiscal year ended June 30, 2018 was \$4,539,259.00, which was paid on April 1, 2018. Employee contributions to the plan during the fiscal year ended June 30, 2018 were \$1,600,530.00.

The amount of contractually required contribution for the State of New Jersey's proportionate share, associated with the City, for the fiscal year ended June 30, 2018 is not known; however, its contractually required contribution rate for the fiscal year ended June 30, 2017 was 2.85% of the City's covered payroll.

Based on the most recent PFRS measurement date of June 30, 2017, the State's contractually required contribution, on-behalf of the City, to the pension plan for the fiscal year ended June 30, 2018 is \$443,489.00, and was paid by April 1, 2018.

**Note 9: PENSION PLANS (CONT'D)****General Information about the Pension Plans (Cont'd)****Contributions (Cont'd)**

**Defined Contribution Retirement Program** - The contribution policy is set by N.J.S.A. 43:15C-3 and requires contributions by active members and contributing employers. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the City contributes 3% of the employees' base salary, for each pay period, to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period.

For the fiscal year ended June 30, 2018, City employee contributions were \$81,901.69 and City employer contributions were \$52,551.41.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

**Public Employees' Retirement System** - At June 30, 2018, the City's proportionate share of the PERS net pension liability was \$59,054,803.00. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2017. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. For the June 30, 2017 measurement date, the City's proportion was 0.2536892539%, which was a decrease of 0.0039814804% from its proportion measured as of June 30, 2016.

At June 30, 2018, the City's proportionate share of the PERS pension expense, calculated by the plan as of the June 30, 2017 measurement date is \$4,672,652.00. This expense is not recognized by the City because of the regulatory basis of accounting as described in note 1; however, as previously mentioned, for the fiscal year ended June 30, 2018, the City's contribution to PERS was \$2,350,160.00, and was paid on April 1, 2018.

**Police and Firemen's Retirement System** - At June 30, 2018, the City's and State of New Jersey's proportionate share of the PFRS net pension liability were as follows:

City's Proportionate Share of Net Pension Liability	\$ 79,181,832.00
State of New Jersey's Proportionate Share of Net Pension Liability Associated with the City	<u>8,869,032.00</u>
	<u>\$ 88,050,864.00</u>

The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2017. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State of New Jersey, actuarially determined. For the June 30, 2017 measurement date, the City's proportion was 0.5128999242%, which was a decrease of 0.0167172735% from its proportion measured as of June 30, 2016.

**Note 9: PENSION PLANS (CONT'D)****Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Cont'd)**

**Police and Firemen's Retirement System (Cont'd)** - Likewise, at June 30, 2017, the State of New Jersey's proportion, on-behalf of the City, was 0.5128999242%, which was a decrease of 0.0167172735% from its proportion, on-behalf of the City, measured as of June 30, 2016.

At June 30, 2018, the City's proportionate share of the PFRS pension expense, calculated by the plan as of the June 30, 2017 measurement date is a negative expense of (\$8,291,398.00). This expense is not recognized by the City because of the regulatory basis of accounting as described in note 1; however, as previously mentioned, for the fiscal year ended June 30, 2018, the City's contribution to PFRS was \$4,539,259.00, and was paid on April 1, 2018.

At June 30, 2018, the State's proportionate share of the PFRS pension expense, associated with the City, calculated by the plan as of the June 30, 2017 measurement date is \$1,084,883.00. This on-behalf expense is not recognized by the City because of the regulatory basis of accounting as described in note 1.

**Actuarial Assumptions**

The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2017. This actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

	<b><u>PERS</u></b>	<b><u>PFRS</u></b>
Inflation Rate	2.25%	2.25%
Salary Increases:		
Through 2026	1.65% - 4.15% Based on Age	2.10% - 8.98% Based on Age
Thereafter	2.65% - 5.15% Based on Age	3.10% - 9.98% Based on Age
Investment Rate of Return	7.00%	7.00%
Period of Actuarial Experience		
Study upon which Actuarial Assumptions were Based	July 1, 2011 - June 30, 2014	July 1, 2010 - June 30, 2013

For PERS, preretirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. For State employees, mortality tables are set back 4 years for males and females. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the Plan actuary's modified MP-2014 projection scale. Postretirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA.

**Note 9: PENSION PLANS (CONT'D)****Actuarial Assumptions (Cont'd)**

In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the Plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

For PFRS, preretirement mortality rates were based on the RP-2000 Preretirement mortality tables projected thirteen years using Projection Scale BB and then projected on a generational basis using the Plan actuary's modified 2014 projection scales. Post-retirement mortality rates for male service retirements and beneficiaries are based the RP-2000 Combined Healthy Mortality Tables projected one year using Projection Scale AA and three years using the Plan actuary's modified 2014 projection scales and further projected on a generational basis using the Plan actuary's modified 2014 projection scales. Postretirement mortality rates for female service retirements and beneficiaries were based on the RP-2000 Combined Healthy Mortality Tables projected thirteen years using Projection Scale BB and then three years using the Plan actuary's modified 2014 projection scales and further projected on a generational basis using the Plan actuary's modified 2014 projection scales. Disability mortality rates were based on special mortality tables used for the period after disability retirement.

For PERS and PFRS, in accordance with State statute, the long-term expected rate of return on Plan investments (7.00% at June 30, 2017) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension Plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS' and PFRS' target asset allocation as of June 30, 2017 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Absolute Return/Risk Mitigation	5.00%	5.51%
Cash Equivalents	5.50%	1.00%

**Note 9: PENSION PLANS (CONT'D)****Actuarial Assumptions (Cont'd)**

**Discount Rate** - The discount rate used to measure the total pension liability at June 30, 2017 was 5.00% for PERS and 6.14% for PFRS. For both PERS and PFRS, the respective single blended discount rates were based on the long-term expected rate of return on pension Plan investments of 7.00%, and a municipal bond rate of 3.58% as of June 30, 2017, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rates assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be made based on the contribution rate in the most recent fiscal year. The State employer contributed 40% of the actuarially determined contributions and the local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make projected future benefit payments of current Plan members through 2040 for PERS and through 2057 for PFRS; therefore, the long-term expected rate of return on Plan investments was applied to projected benefit payments through 2040 for PERS and through 2057 for PFRS, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liabilities.

**Sensitivity of City's Proportionate Share of Net Pension Liability to Changes in the Discount Rate**

**Public Employees' Retirement System (PERS)** - The following presents the City's proportionate share of the net pension liability at June 30, 2017, the plans measurement date, calculated using a discount rate of 5.00%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rates used:

	<b>1% Decrease (4.00%)</b>	<b>Current Discount Rate (5.00%)</b>	<b>1% Increase (6.00%)</b>
City's Proportionate Share of the Net Pension Liability	\$ 73,261,491.00	\$ 59,054,803.00	\$ 47,218,872.00

**Police and Firemen's Retirement System (PFRS)** - As previously mentioned, PFRS has a special funding situation, where the State of New Jersey pays a portion of the City's annual required contribution. As such, the net pension liability as of June 30, 2017, the plans measurement date, for the City and the State of New Jersey, calculated using a discount rate of 6.14%, as well as using a discount rate that is 1% lower or 1% higher than the current rates used is as follows:

	<b>1% Decrease (5.14%)</b>	<b>Current Discount Rate (6.14%)</b>	<b>1% Increase (7.14%)</b>
City's Proportionate Share of the Net Pension Liability	\$ 104,328,584.00	\$ 79,181,832.00	\$ 58,520,915.00

**Note 9: PENSION PLANS (CONT'D)****Pension Plan Fiduciary Net Position**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the respective fiduciary net position of the PERS and PFRS and additions to/deductions from PERS and PFRS' respective fiduciary net position have been determined on the same basis as they are reported by PERS and PFRS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. For additional information about PERS and PFRS, please refer to the plan's Comprehensive Annual Financial Report (CAFR) which can be found at <http://www.nj.gov/treasury/pensions/gasb-notices.shtml>.

**Note 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (OPEB)****General Information about the OPEB Plan**

**Plan Description and Benefits Provided** - The City contributes to the State Health Benefits Local Government Retired Employees Plan (the "Plan"), which is a cost-sharing multiple-employer defined benefit other postemployment benefit plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The Plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions* (GASB Statement No. 75); therefore, assets are accumulated to pay associated benefits. For additional information about the Plan, please refer to the State of New Jersey (the "State"), Division of Pensions and Benefits' (the "Division") Comprehensive Annual Financial Report (CAFR), which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

The Plan provides medical and prescription drug to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

**Contributions** - The funding policy for the OPEB Plan is pay-as-you-go; therefore, there is no prefunding of the liability. However, due to premium rates being set prior to each calendar year, there is a minimal amount of net position available to cover benefits in future years. Contributions to pay for the health benefit premiums of participating employees in the OPEB Plan are collected from the State of New Jersey, participating local employers, and retired members.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

**Note 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (OPEB) (CONT'D)**

**General Information about the OPEB Plan (Cont'd)**

**Contributions (Cont'd)** - The City was billed monthly by the Plan and paid \$12,430,962.00 for the fiscal ended June 30, 2018, representing 38.70% of the City's covered payroll. Retirees were required to pay \$325,388.00 for the fiscal year ended June 30, 2018.

*Special Funding Situation Component* - The State of New Jersey makes contributions to cover those employees eligible under Chapter 330, P.L. 1967, as disclosed below. Local employers remit employer contributions on a monthly basis. Retired member contributions are generally received on a monthly basis. Partially funded benefits are also available to local police officers and firefighters who retire with 25 years of service or on disability from an employer who does not provide coverage under the provisions of Chapter 330, P.L. 1997. Upon retirement, these individuals must enroll in the OPEB Plan.

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

These employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the Plan, there is no net OPEB liability, deferred outflows of resources or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net OPEB liability that is associated with the local participating employer.

Under the special funding situation, the State contributed \$3,778,268.00 for the fiscal ended June 30, 2018 representing 11.29% of the City's covered payroll.

**OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources**

**OPEB Liability** - At June 30, 2018 the City's and State's proportionate share of the net OPEB liability were as follows:

City's Proportionate Share of Net OPEB Liability	\$ 198,676,861.00
State of New Jersey's Proportionate Share of Net OPEB Liability Associated with the City	<u>52,794,114.00</u>
	<u>\$ 251,470,975.00</u>

The net OPEB liability was measured as of June 30, 2017, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2016, which was rolled forward to June 30, 2017.

The City's proportion of the net OPEB liability was based on the ratio of the Plan members of an individual employer to the total members of the Plan's nonspecial funding situation during the measurement period July 1, 2016 through June 30, 2017. For the June 30, 2017 measurement date, the City's proportion was .973153% which was a decrease of .107538% from its proportion measured as of the June 30, 2016 measurement date.

**Note 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (OPEB) (CONT'D)****OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources (Cont'd)**

**OPEB Liability (Cont'd)** - The State's proportion of the net OPEB liability, on-behalf of the City was based on the ratio of the Plan members of an individual employer to the total members of the Plan's special funding situation during the measurement period July 1, 2016 through June 30, 2017. For the June 30, 2017 measurement date, the State's proportion on-behalf of the City was .607149%. The proportion, on-behalf of the City measured as of the June 30, 2016 measurement date is not known.

**OPEB Expense** - At June 30, 2018, the City's proportionate share of the OPEB expense, calculated by the Plan as of the June 30, 2017 measurement date is \$10,677,331.00. This expense is not recognized by the City because of the regulatory basis of accounting as described in note 1; however, as previously mentioned, for the fiscal year ended June 30, 2018, the City made contributions to the Plan totaling \$12,430,962.00.

At June 30, 2018, the State's proportionate share of the OPEB expense, associated with the City, calculated by the Plan as of the June 30, 2017 measurement date is \$3,778,268.00. This on-behalf expense is not recognized by the City because of the regulatory basis of accounting as described in note 1.

**Deferred Outflows of Resources and Deferred Inflows of Resources** - At June 30, 2018, the City had deferred outflows of resources and deferred inflows of resources related to the OPEB liability from the following sources:

	<b><u>Deferred Outflows of Resources</u></b>	<b><u>Deferred Inflows of Resources</u></b>
Differences between Expected and Actual Experience	\$ -	\$ -
Changes of Assumptions	-	22,051,442.00
Net Difference between Projected and Actual Earnings on Pension Plan Investments	34,047.00	-
Changes in Proportion and Differences between City Contributions and Proportionate Share of Contributions	-	20,449,735.00
City Contributions Subsequent to the Measurement Date	12,430,962.00	-
	<u>\$ 12,465,009.00</u>	<u>\$ 42,501,177.00</u>

Deferred outflows of resources of \$12,430,962.00, resulting from the City's contributions subsequent to the measurement date, will be included as a reduction of the City's net OPEB liability in the fiscal year ending June 30, 2019.

**Note 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (OPEB) (CONT'D)****OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources (Cont'd)**

**Deferred Outflows of Resources and Deferred Inflows of Resources (Cont'd)** - The City will amortize the other deferred outflows of resources and deferred inflows of resources related to the OPEB liability over the following number of years:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Changes of Assumptions	-	8.04
Net Difference between Projected and Actual Earnings on Pension Plan Investments	5.00	-
Changes in Proportion and Differences between City Contributions and Proportionate Share of Contributions	8.04	8.04

Other amounts included as deferred outflows of resources and deferred inflows of resources related to the OPEB liability will be recognized in future periods as follows:

<b>Fiscal Year Ending June 30,</b>	
2019	\$ (6,028,587.00)
2020	(6,028,587.00)
2021	(6,028,587.00)

2023	(6,037,099.00)
Thereafter	<u>(12,315,683.00)</u>
	<u>\$ (42,467,130.00)</u>

**Actuarial Assumptions**

The actuarial assumptions vary for each Plan member depending on the pension plan in which the member is enrolled.

The actuarial valuation at June 30, 2017 used the following actuarial assumptions, applied to all periods in the measurement:

Inflation Rate	2.50%
Salary Increases *	
Through 2026	1.65% - 8.98%
Thereafter	2.65% - 9.98%

\* salary increases are based on the defined benefit plan that the member is enrolled in and his or her age.

**Note 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (OPEB) (CONT'D)****Actuarial Assumptions (Cont'd)**

Preretirement mortality rates were based on the RP-2006 Headcount-Weighted Healthy Employee Male/Female mortality table with fully generational mortality improvement projections from the central year using the MP-2017 scale. Postretirement mortality rates were based on the RP-2006 Headcount-Weighted Healthy Annuitant Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale. Disability mortality was based on the RP-2006 Headcount-Weighted Disabled Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale.

Certain actuarial assumptions used in the July 1, 2016 valuation were based on the results of the pension plans' experience studies for which the members are eligible for coverage under this Plan, the Police and Firemen Retirement System (PFRS) and the Public Employees' Retirement System (PERS). The PFRS and PERS experience studies were prepared for the periods July 1, 2010 to June 30, 2013 and July 1, 2011 to June 30, 2014, respectively.

100% of active members are considered to participate in the Plan upon retirement.

For PERS and PFRS, in accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2017) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS' and PFRS' target asset allocation as of June 30, 2017 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Absolute Return/Risk Mitigation	5.00%	5.51%

**Note 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (OPEB) (CONT'D)****Actuarial Assumptions (Cont'd)**

**Discount Rate** - The discount rate used to measure the OPEB Liability at June 30, 2017 was 3.58%. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

**Health Care Trend Assumptions** - For pre-Medicare preferred provider organization (PPO) and health maintenance organization (HMO) medical benefits, the trend rate is initially 5.9% and decreases to a 5.0% long-term trend rate after nine years. For self-insured post-65 PPO and HMO medical benefits, the trend rate is 4.5%. For prescription drug benefits, the initial trend rate is 10.5% decreasing to a 5.0% long-term trend rate after eight years. For the Medicare Part B reimbursement, the trend rate is 5.0%. The Medicare Advantage trend rate is 4.5% and will continue in all future years.

**Sensitivity of the Net OPEB Liability to Changes in the Discount Rate** - As previously mentioned, the OPEB Plan has a special funding situation, where the State of New Jersey pays a portion of the City's contributions for certain eligible employees. As such, the net OPEB liability as of June 30, 2017, the plans measurement date, for the City and the State of New Jersey, calculated using a discount rate of 3.58%, as well as using a discount rate that is 1% lower or 1% higher than the current rates used is as follows:

	<b>1% Decrease (2.58%)</b>	<b>Current Discount Rate (3.58%)</b>	<b>1% Increase (4.58%)</b>
City's Proportionate Share of the Net OPEB Liability	\$ 234,345,280.00	\$ 198,676,861.00	\$ 170,374,571.00

**Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates** - The City's and State's proportionate share of the net OPEB Liability as of June 30, 2017, using a healthcare cost trend rates that are 1% lower or 1% higher than the current healthcare cost trend rate used is as follows:

	<b>1% Decrease</b>	<b>Healthcare Cost Trend Rates</b>	<b>1% Increase</b>
City's Proportionate Share of the Net OPEB Liability	\$ 165,106,274.00	\$ 198,676,861.00	\$ 242,389,655.00

**Note 10: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (OPEB) (CONT'D)****OPEB Plan Fiduciary Net Position**

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the respective fiduciary net position of the State Health Benefits Local Government Retired Employees Plan and additions to / deductions from the Plan's respective fiduciary net position have been determined on the same basis as they are reported by the Plan. Accordingly, contributions (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. For additional information about the Plan, please refer to the Plan's Comprehensive Annual Financial Report (CAFR) which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

Under the existing policy of the City, full-time employees are entitled to fifteen paid sick leave days each year. Unused sick leave may be accumulated and carried forward to the subsequent year. Vacation days not used during the year may be accumulated and carried forward to the subsequent year, but must be scheduled by March 31<sup>st</sup> of that year and used by December 31<sup>st</sup>.

The City compensates all employees for unused sick leave upon termination or retirement. The current policy provides that the employee shall receive fifty percent (50%) of total accumulated sick time, but no more than \$15,000.00.

Full-time fire fighters are entitled to eighteen paid sick leave days each year. Unused sick leave may be accumulated and carried forward to the subsequent year. A maximum of fifteen unused vacation days may be carried forward to the subsequent year.

**Note 11: COMPENSATED ABSENCES (CONT'D)**

The City compensates fire fighters for unused sick leave and accumulated vacation days upon retirement. The current policy provides that the employee shall receive compensation for each full vacation day at their full current daily rate and fifty percent (50%) of total accumulated sick time.

The City has established a compensated absences trust fund to set aside funds for future payments of compensated absences, which at June 30, 2018 had a balance of \$778,301.20. It is estimated that, at June 30, 2018, accrued benefits for compensated absences are valued at \$10,729,815.78.

**Note 12: DEFERRED COMPENSATION SALARY ACCOUNT**

The City offers its employees a deferred compensation plan in accordance with Internal Revenue Code Section 457, which has been approved by the Director of the Division of Local Government Services. The Plan, available to all full time employees at their option, permits employees to defer a portion of their salary to future years. The deferred compensation is not available to participants until termination, retirement, death, or unforeseeable emergency.

Amounts deferred under Section 457 plans must be held in trust for the exclusive benefit of participating employees and not be accessible by the City or its creditors. Since the City does not have a fiduciary relationship with the Plan, the balances and activities of the Plan are not reported in the City's financial statements.

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

**Property and Liability Insurance** - The City maintains a level of self-insurance for property, liability, and vehicle insurance, and consequently, has established the reserve for self-insurance in the trust - other funds. The following is a summary of City contributions, interest earnings, settlements and refunds, claims paid, and the ending balance of the City's self-insurance trust fund for the current and previous two fiscal years:

<u>Fiscal Year</u>	<u>City Contributions</u>	<u>Interest Earnings</u>	<u>Refunds</u>	<u>Claims Paid</u>	<u>Ending Balance</u>

**New Jersey Unemployment Compensation Insurance** - The City has elected to fund its New Jersey Unemployment Compensation Insurance under the "benefit reimbursement method". Under this plan, the City is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The City is billed quarterly for amounts due to the State.

The following is a summary of City contributions, claims paid to the State for benefits paid, and the ending balance of the City's trust fund for the current and previous two fiscal years:

At June 30, 2018, it is estimated that unreimbursed claims exist in the amount of \$141,048.61.

**Workers' Compensation Insurance** - The City has adopted a plan of self-insurance for workers' compensation and has established the reserve for workers' compensation in the trust - other funds to account for and finance its related uninsured risks of loss, with no maximum per any one accident. Qual-Lynx acts as the third party administrator of the plan.

The following is a summary of City contributions, refunds, claims paid, and the ending balance of the City's trust fund for the current and previous two fiscal years:

<u>Fiscal Year</u>	<u>City Contributions</u>	<u>Refunds</u>	<u>Claims Paid</u>	<u>Ending Balance</u>

At June 30, 2018, the balance of estimated workers' compensation payables was \$2,584,319.98, as provided by the third party administrator. None of the pending claims have been recorded as accounts payable and charged to the reserve for workers' compensation as of June 30, 2018. Any additional funding required for claims in excess of the aforementioned reserve will be paid and charged to future budgets.

**Note 16: CONTINGENCIES**

**Grantor Agencies** - Amounts received or receivable from grantor agencies could be subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the City expects such amount, if any, to be immaterial.

**Litigation** - The City is a defendant in several legal proceedings that are in various stages of litigation. It is believed that the outcome, or exposure to the City, from such litigation is either unknown or potential losses, if any, could be material to the financial statements.

**Note 17: CONCENTRATIONS**

The City depends on financial resources flowing from, or associated with, both the federal government and the State of New Jersey. As a result of this dependency, the City is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations.

**Note 18: TAX ABATEMENTS**

As of June 30, 2018, the City provides tax abatements through two programs - the New Jersey Economic Opportunity Act of 2013 and the Urban Enterprise Zone Program:

- Under the New Jersey Economic Opportunity Act of 2013 ("EO13"), the City administers two tax exemption programs: the 5-Year Program and the 10-Year Program. In order to qualify under the 10-Year Program, an applicant must meet the eligibility requirements of the Grow New Jersey Assistance Program ("Grow"). The EO13 merged five of New Jersey's most prominent economic incentive programs into two programs, and provided added incentives for development and job creation in certain areas of the State. Specifically, the law phased out the Business Retention and Relocation Assistance Grant Program, the Business Employment Incentive Program, and the Urban Transit Hub Tax Credit Program on December 31, 2013, and expanded the Grow and the Economic Redevelopment and Growth Grant Program ("ERG"). The law sunsets the "new" Grow and ERG programs on July 1, 2019, and it prohibits the New Jersey Economic Development Authority from considering an application for eligibility for tax credits under Grow and ERG after June 30, 2019. The purpose of sun setting the program is to ascertain its effectiveness. The overall goals of the EO13 are enhancing business attraction, retention and job creation efforts, and strengthening New Jersey's competitive edge in the global economy.
- The Urban Enterprise Zone Program provides property tax abatements to encourage relocation and or expansion of private business operations and to encourage the construction of new single-family housing units to support business activity and stimulate neighborhood revitalization, under State Statute 54:4-3.139.

The following is a recapitulation of the total amount of taxes abated under the two aforementioned tax abatement programs:

<b><u>Tax Abatement Program</u></b>	<b><u>Amount of Taxes Abated</u></b>
New Jersey Economic Opportunity Act:	
5-Year Program	\$ 1,012,778.00
10-Year Program	1,031,657.04
Urban Enterprise Zone Program	<u>32,961.18</u>
Total	<u>\$ 2,077,396.22</u>

**Note 19: RESTATEMENT OF PRIOR FISCAL YEAR FINANCIAL STATEMENTS**

The City restated its recorded balance of property acquired for taxes (at assessed valuation) on the current fund statement of assets, liabilities, reserves and fund balance - regulatory basis as of June 30, 2017. The restatement was caused by the inadvertent omission of certain properties that the City was in process of foreclosing upon. This restatement had no impact on the City's revenues, expenses, or changes in fund balance. The cumulative effect on the financial statements as reported as of June 30, 2017 is as follows:

**PART II**  
**SINGLE AUDIT**  
**FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

**REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL  
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND  
STATE OF NEW JERSEY CIRCULAR 15-08-OMB**

**INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and  
Members of the City Council  
City of Camden  
Camden, New Jersey 08101

**Report on Compliance for Each Major Federal and State Program**

We have audited the City of Camden's, in the County of Camden, State of New Jersey, compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *New Jersey State Grant Compliance Supplement* that could have a direct and material effect on each of the City's major federal and state programs for the fiscal year ended June 30, 2018. The City's major federal and state programs are identified in the *Summary of Auditor's Results* section of the accompanying *Schedule of Findings and Questioned Costs*.

***Management's Responsibility***

Management is responsible for compliance with the federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal and state programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the City's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Those standards, the Uniform Guidance, and State of New Jersey Circular 15-08-OMB, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the City of Camden's, in the County of Camden, State of New Jersey, compliance.

***Basis for Qualified Opinion on Child Nutrition Cluster - Summer Food Service Program for Children***

As described in the accompanying *Schedule of Findings and Questioned Costs*, the City of Camden, in the County of Camden, State of New Jersey, did not comply with requirements regarding CFDA 10.559 Child Nutrition Cluster - Summer Food Service Program for Children as described in Finding No. 2018-010 for *Reporting*. Compliance with such requirements is necessary, in our opinion, for the City of Camden to comply with the requirements applicable to that program.

***Qualified Opinion on Child Nutrition Cluster - Summer Food Service Program for Children***

In our opinion, except for the noncompliance described in the “*Basis for Qualified Opinion on Child Nutrition Cluster - Summer Food Service Program for Children*” paragraph, the City of Camden, in the County of Camden, State of New Jersey, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on Child Nutrition Cluster - Summer Food Service Program for Children for the fiscal year ended June 30, 2018.

***Unmodified Opinion on Each of the Other Major Federal and State Programs***

In our opinion, the City of Camden, in the County of Camden, State of New Jersey, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal and state programs identified in the *Summary of Auditor’s Results* section of the accompanying *Schedule of Findings and Questioned Costs* for the fiscal year ended June 30, 2018.

**Report on Internal Control over Compliance**

Management of the City of Camden, in the County of Camden, State of New Jersey, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City’s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and State of New Jersey Circular 15-08-OMB, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Camden’s internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, we did identify a certain deficiency in internal control over compliance, as described in the accompanying *Schedule of Findings and Questioned Costs* as Finding No. 2018-010, that we consider to be a material weakness.

11200

The City of Camden's, in the County of Camden, State of New Jersey, response to the internal control over compliance findings identified in our audit is described in the accompanying *Schedule of Findings and Questioned Costs*. The City of Camden's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and State of New Jersey Circular 15-08-OMB. Accordingly, this report is not suitable for any other purpose.

**Section 2 - Schedule of Financial Statement Findings (Cont'd)**

**Finding No. 2018-003**

**Criteria or Specific Requirement**

In accordance with maintaining an internal control environment that is effective in the prevention and / or identification of potential financial statement misstatement and / or misclassification, the City should review and verify, on a timely (monthly) basis, that all bank account reconciliations contain valid reconciling items, such as deposits in transit and outstanding checks which clear the bank in the subsequent month, that the general ledger include all receipt and disbursement activity, and that the activity is both accurate and properly classified, and reconciled to applicable subsidiary reports and bank statements; and that all bank accounts are reconciled monthly and such reconciliations verified to the cash balance recorded in the applicable funds' general ledger.

**Condition**

During our examination of the City's general ledgers and bank reconciliations as of June 30, 2018, the following were noted: several of the bank accounts were not reconciled or the reconciliations included improper reconciling items; several of the bank reconciliation balances did not agree to the applicable balances in the general ledgers, the general ledgers did not include all receipt and disbursement activity reported on the City's bank statements, and recorded receipt and disbursement activity in the City's general ledgers was not accurate or properly classified.

**Context**

- Five bank accounts were not reconciled during the fiscal year and improper reconciling items from various bank reconciliations totaled \$5,875,734.78;
- balances of various bank reconciliations prepared by the City did not agree to the balances contained in the general ledgers by \$17,331,167.50; and
- unrecorded receipts totaling \$2,838,817.58 and disbursements totaling \$1,528,038.24, which included bank accounts not recorded in the City's general ledgers as well as numerous unrecorded bank transfers for interfund activity.

**Effect**

Potential errors, irregularities, and factors which would have a negative impact on the City's financial position could develop and not be detected in a timely manner to enable the City to institute corrective actions. In addition, the financial position of several funds at fiscal year-end could be materially misstated, and, at times, the audit trail is not always apparent for some of the reconciling items recorded.

**Cause**

The City did not reconcile to subsidiary reports and bank statements, review and adjust, and monitor all such transactions and balances during the fiscal year. In addition, there are several receipt types collected by the City which are coded by central cashing, however such codes are not properly integrated in the accounting software system.

**Recommendation**

That the City reconcile, on a monthly basis, all bank accounts and verify that the reconciliations only include proper reconciling items, that the reconciliation balances agree to the applicable balances in the general ledgers, that the general ledgers include all receipt and disbursement activity reported on the City's bank statements, and that recorded receipt and disbursement activity in the City's general ledgers be verified for accuracy and proper classification and be reconciled, on a monthly basis, to subsidiary reports and bank statements.

**Section 2 - Schedule of Financial Statement Findings (Cont'd)**

**Finding No. 2018-004**

**Criteria or Specific Requirement**

Pursuant to N.J.A.C. 5:30-6.1, uniform accounting system for local units, the *Requirements of Audit* have been promulgated to govern the accounting basis for municipalities. In addition, pursuant to N.J.A.C. 5:30-5.7, all local units must maintain a general ledger accounting system that provides for the immediate and current identification of its assets, liabilities, revenues, expenditures, and fund balance. The general ledger together with the books of original entry, and supporting subsidiary ledgers, constitute a complete accounting system.

**Condition**

The reports provided by the City's third-party service organization that it engaged to administer its water and sewer utility operations were not prepared in accordance with the accounting basis that the City is required to follow. In addition, in its general ledger, the City did not record all related tax receivable transactions and all related consumer accounts receivable transactions. In regards to the City's operation of its water and sewer utility functions, the City does not have policies and procedures in place to review the monthly and year-to-date reporting data provided by the third-party service organization, and receipts collected for interest and penalties on water and sewer rents were not recorded to the proper revenue classification.

**Context**

Transactions reported by the City's third-party service organization related to the interest and penalties accrued on delinquent consumer accounts receivable balances and the collections of such are not properly segregated from the transactions related to the billings and collections of rents. The transactions not recorded in the general ledger consisted of the following: the certified tax levy and consumer rents, related lien transactions / prepaid / overpayment transactions, and other various adjustments. In addition, the City does not have policies and procedures in place to review the monthly and year-to-date reporting data provided by the third-party service organization. Consequently, the amount of consumer accounts receivable transferred to lien during fiscal year 2018 as reported by the City did not agree to the amount reported by the third-party service organization.

**Effect**

The City is not in compliance with rules and regulations as mandated by State administrative codes governing the general ledger accounting system.

**Cause**

The City does not have policies and procedures in place to review and reconcile the monthly and year-to-date reporting data provided by the third-party service organization to the City's general ledgers.

**Recommendation**

That the City verify that reports provided by the third-party service organization that it engaged to administer its water and sewer utility operations are prepared in accordance with the accounting basis that the City is required to follow. In addition, that the City record in its general ledgers all related tax receivable transactions and all related consumer accounts receivable transactions. Also, that the City establish formal policies and procedures to review the monthly and year-to-date reporting data provided by the third-party service organization, and verify that receipts collected for interest and penalties on water and sewer consumer rents are recorded to the proper revenue classification.

Also, the respective grants receivable balances are not reconciled to the reserves for the Community Development Block Grant and Emergency Solutions Grant Program on a monthly basis. Lastly, the subsidiary ledger for the aforementioned reserve balances did not agree to the balances in the City's general ledger.

**Information on the Federal Program**

Child Nutrition Cluster - Summer Food Service Program for Children (CFDA No. 10.559), U.S. Department of Agriculture (pass through entity: New Jersey Department of Agriculture)

**Criteria or Specific Requirement**

In accordance with the grant agreement and reporting requirements, meal count forms must be completed based on the number of meals served and reported on the monthly reimbursement vouchers. Reimbursement vouchers must be reviewed for accuracy and be submitted by the 10<sup>th</sup> day following the claiming month.

**Condition**

The supporting documentation of meals served for the months and sites did not agree to meals reported on reimbursement vouchers, and in addition, reimbursement vouchers were not timely filed.

**Questioned Costs**

The total number of meals reported for reimbursement for all sites did not agree to the supporting documentation of meals served, thus resulting in a variance of 14,404 meals. As a result, known questioned costs exist in the amount of \$42,447.08.

The number of meals reported did not agree to the supporting documentation of meals served for four of the sites tested, which yielded a variance of 329. As a result, known questioned costs exist in the amount of \$1,167.21, and the projected questioned costs total \$10,828.20.

**Context**

For two of the months tested, a total of 127,620 meals were reported as being served for all sites, however, supporting documentation maintained on file supported a total of 113,216 meals as being served for all sites, thus yielding a variance of 14,404 meals. In addition, two of the reimbursement vouchers were not filed timely.

For the five sites tested, a total of 12,121 meals were reported as being served, however, supporting documentation maintained on file supported 11,792 meals served, thus yielding a variance of 329 meals. The sample was not intended to be, and was not, a statistically valid sample.

**Effect**

As a result of the City's noncompliance with the reporting requirements for the federal award, the potential exists that the City may be responsible for reimbursing the grantor agency.

**Cause**

The original source documentation for the accumulation of monthly totals submitted for reimbursement and daily meals served at the several of the sites were not accurately maintained and reconciled to meals reported.
