City of Camden
Application for Certificate of Continued Occupancy

The CCO home inspection is a “general inspection of the visible parts of the building or structure” and is designed to accomplish and affirm three (3) things:

1. No work has been done that required a Construction Permit.

2. There are no outstanding permits or inspections associated with the property.
   (Note: No CCO will be issued with open Permits. All permitted work must be finalized.)

3. No visible violations or unsafe conditions are found to exist.
